Ref.: Authorization usage of Rinstrum EC Type Approval and Test Certificates.

Dear Sirs,

In view of the membership of ROMANIA as a full member of the EU we like to inform you as follows:

Since 2009 we are working together in Romania with:

TehnoEM Echipamente Industriale srl
277 Principala str.
107351 Magureni
Jud. Prahova
Romania

Registered: J29/595/2002 Commerce Prahova
Fiscal code: RO14674908

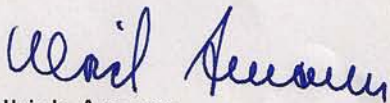

As such "**TehnoEM**" is hereby authorized to make use of all our approvals that might be necessary to gain **EC type approval certificates** for their scales. In case of after sales service for the equipment delivered by Rinstrum, "**TehnoEM**" is also authorized to submit Rinstrum equipment as a subject to legal control of Compatibility of modules for automatic and non-automatic weighing instruments. We hereby declare as well that this application has not been lodged with any other notified body.

Any load cell(s) may be used for the instruments under the conditions mentioned in the respective EC type-approval certificates.

Furthermore we hereby grant "**TehnoEM**" full technical support on all equipment that might be needed in relation to the mentioned approvals.

We trust to have informed you correctly, in case of further questions do not hesitate to contact us.

Yours sincerely

Ulrich Amann
